

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers. They filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries. It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

My Breath.

Shortness of Breath Is One of the Commonest Signs of Heart Disease.

Notwithstanding what many physicians say, heart disease can be cured.

Dr. Miles' New Heart Cure has permanently restored to health many thousands who had found no relief in the medicines (allopathic or homoeopathic) of regular practicing physicians.

It has proved itself unique in the history of medicine, by being so uniformly successful in curing those diseases.

Nearly always, one of the first signs of trouble is shortness of breath. Whether it comes as a result of walking or running up stairs, or of other exercises, if the heart is unable to meet this extra demand upon its pumping powers—there is something wrong with it.

The very best thing you can do, is to take Dr. Miles' New Heart Cure. It will go to the foundation of the trouble, and make a permanent cure by strengthening and renewing the nerves.

"I know that Dr. Miles' New Heart Cure is a great remedy. For a number of years I suffered from shortness of breath, smothering spells, and pains in my left side. For months at a time I would be unable to lie on my left side, and if I lay flat on my back would nearly smother. A friend advised using Dr. Miles' New Heart Cure, which I did with good results. I began to improve at once, and after taking several bottles of the Heart Cure the pains in my side and other symptoms vanished. I am now entirely well. All those dreadful smothering spells are a thing of the past."—F. P. DRAKE, Middletown, O.

If the first bottle does not help you, the druggist will refund your money.

WHITE'S Cream Vermifuge

THE GUARANTEED WORM REMEDY

THE CHILDREN'S FAVORITE TONIC.

BEWARE OF IMITATIONS. THE GENUINE PREPARED ONLY BY Ballard-Snow Liniment Co. ST. LOUIS, MO.

Washington Letter.

Assurance continue to be received at the white house that there is practically no opposition to the nomination of the president at the Chicago convention. Ex-Senator Manderson of Nebraska says the entire west is for Roosevelt. The same news comes from the Eastern States, and a prominent lawyer from Connecticut in Washington this week said that in that state democracy is as dead as a door nail. The president is very busy having many things to look after. He does not expect an early adjournment of congress and will be unable to leave Washington to attend banquets and make speeches. He will have his little walk of 8 or 10 miles and is in splendid health. On the 12th inst. he issued a proclamation of neutrality towards Russia and Japan and announced the law which forbids Americans from entering the service of either combatant. The president has been assured that the Panama treaty will be ratified in a few days.

Both of the pure food bills are now before the Senate, and manufacturers of food products favor the bill since in many instances it will relieve them from oppressive state laws. The Senate Committee on commerce will report on the 18th inst. that the nomination of Dr. Crum as collector of the port of Charleston, S. C., be confirmed. The U. S. Navy will cost nearly \$100,000,000 next year. It is not likely that a vote will be reached on the eight-hour law. The proposition with which the territorial committee is now laboring is to admit Oklahoma and Indian Territory as one state and New Mexico as another (under some more appropriate name, it is hoped,) and leave Arizona out in the cold for another year or two.

The House Committee on the Reform of the civil service is engaged in investigating the existing conditions in the departments at Washington. Commissioner Ware of the Pension Bureau is in favor of employing bright young men since he can get more work out of them. He has put into the bureau 120 young men, reducing the average age of the employees to between 31 and 32 years.

Some of his men are over eighty years of age. He would have the government fix an age of clerks to retire. At the present the commissioner is engaged in "getting old chunks out of the wood pile", i. e., is clearing up old cases. There are pending in the bureau 240,000 applications.

A very valuable, practical and gigantic work is being incubated by Prof. Spillman, agrostologist at the Department of Agriculture, for the St. Louis fair. It will be when hatched a physiographic out-of-door crop map of our entire country,—

an object lesson showing what grows in the different states. A small patch of earth will represent each state, the one for Illinois being 75 feet long. Delaware and Rhode Islands will be as large as a sofa cushion. The District of Columbia will be too small to be seen. The Southern States are to be planted with cotton, beans and tobacco; Vermont with maple sugar; Maine and Minnesota with pine trees; and Arizona, which has but one half of per cent of fertile farm land is to bloom like the rose, with 43 per cent of alfalfa, 30 of wheat, 10 of barley, 10 of corn, etc. This will impress foreigners immensely and induce a healthy emigration to the arid sand wastes of that far-off region. It should be explained that an "agrostologist" is one who agrostologizes.

The Department of State is very active, and Secretary Hay is ably looking after the affairs of collective humanity. His note to the powers suggesting that the integrity of Chian must be preserved whatever the result of the war, is regarded as a blow to Russia. He also proposes that England, Germany and France shall assist the United States in limiting the sphere of actual hostilities; but it is not proposed to enforce this suggestion VI ET ARMIS. These propositions are purely benevolent, in the interests of the whole world.

On the 11th inst. after several days of spirited debate, which developed much opposition to the scheme, the House voted to loan the St. Louis Exposition the sum of \$4,600,000. Congressman Payne, Republican leader of the House, Gen. Grosvenor of Ohio, and many other republicans objected to the loan, contending that if the managers of the exposition had such good security to offer they could obtain the money from banks or private individuals. It was asserted that millions of money had been sunk in permanent improvements for the benefit of St. Louis, and that in this way the city was receiving back much of the money it had put into the enterprise. Congressman Crumpacker of Ind. closed the debate with a fervid burst of oratory which elicited cheers, and the bill was adopted by a large majority. He said the fair had grown to be much larger than was at first anticipated by reason of the fact that Germany, Italy, Japan and many other nations had demanded a vast amount of room and would not exhibit unless it could be had. The opposition to loan was confined to no party or section of the country. It is felt in congress that booming fairs for all sorts of anniversaries and events has become a national industry; and that self-appointed commissioners who have the disbursing of the funds are not over particular how they get them, or what they do with them.

The Weather Calendar. The Chattanooga Medicine Co. the manufacturers of Wine of Cardui and Thedferd's Black-Draught have just issued the 1904 edition of their Cardui Weather Chart and Calendar. This Calendar with its 13 sheets 13x20 inches in size makes a bright ornament for the wall and is a useful acquisition in any home or office on account of its displayed weather predictions. The prominent numbers can be read across a large room as can the colored signal flags showing the weather conditions for each day. These weather signals illustrate the forecasts of Prof. Andrew J. De Voe who achieved great prominence by his accurate predictions of the great Galveston, St. Louis and Minnesota storms and cyclones. So great is the popularity of these predictions that they are printed in 2,500,000 of these calendars and in 18,000,000 of the Ladies' Birthday Almanacs which are issued by the Chattanooga Medicine Co. each year. We understand that a copy of this weather chart and calendar may be secured by sending 10c in stamps to the Chattanooga Medicine Company Chattanooga, Tenn.

Itch-Ringworm. E. T. Lucas, Wingo, Ky., writes, April 25th, 1902: "For 10 to 12 years I had been afflicted with a malady known as the 'itch'. The itching was most unbearable; I had tried for years to find relief, having tried all remedies I could hear of, besides a number of doctors. I wish to state that one single application of Ballard's Snow Liniment cured me completely and permanently. Since then I have used the liniment on two separate occasions for ring worm and it cured completely. 25c, 50c and \$1.00 bottle. Sold by Dr. J. T. Stephenson.

Dragging Pains

2325 Keeley St., CHICAGO, ILL., Oct., 2, 1902.

I suffered with falling and congestion of the womb, with severe pains through the groins. I suffered terribly at the time of menstruation, had blinding headaches and rushing of blood to the brain. What to try I knew not, for it seemed that I had tried all and failed, but I had never tried Wine of Cardui, that blessed remedy for sick women. I found it pleasant to take and soon knew that I had the right medicine. New blood seemed to course through my veins and after using eleven bottles I was a well woman.

Mrs. Bush

Mrs. Bush is now in perfect health because she took Wine of Cardui for menstrual disorders, bearing down pains and blinding headaches when all other remedies failed to bring her relief. Any sufferer may secure health by taking Wine of Cardui in her home. The first bottle convinces the patient she is on the road to health.
